

Renaissance Asset Finance: the New Lender to the Broker Market

Sponsored by

RAF Wilmslow Open for Business

Victoria Fisher, Operations Director at Renaissance Asset Finance ("RAF"), is pleased to announce that RAF's Northern office in Wilmslow, Cheshire, is now fully operational and already adding value to the RAF business. Kerry Stuart, our Office Manager has spent the last month working closely with the Brentwood team in order for Wilmslow to replicate the high levels of service we already offer in the Brentwood business.

Kerry commented, "I have felt part of the Renaissance family from the very first day I started, and it has been a pleasure

working with the rest of the team. We are growing month on month and have fantastic potential to create something special.

"It has been a very exciting time getting the office up and running to be fully functioning, we are already processing proposals and pay outs, I am really proud to have been given the opportunity to be part of it all.

"We are recruiting for this office and, as a business that can offer long term careers to anyone willing to work hard with a passion to succeed, positions will be advertised on our website."

Renaissance Asset Finance is planning an official Opening Day event for the Wilmslow office, that will take place around late summer. BW
