Renaissance to open new office in Cheshire

Hugh Sigrist, MD, of Renaissance Asset Finance Ltd ("RAF") is delighted they have found a suitable location for their Northern Office in Wilmslow, Cheshire. This will open in March 2016 and is an important element in assisting the further development of Renaissance across the UK.

Hugh is also delighted that Renaissance have been able to recruit Kerry Stuart, ex-Conister Bank and Bank of Scotland, as the Office Manager for Renaissance Wilmslow. Kerry is highly experienced and will help drive our new business and promote the Renaissance ethos in the North East and North West of the UK.

We had looked at various locations, but we felt Wilmslow was the perfect spot for our northern office. Proximity to the motorway systems was important to us, as we see all our clients in the field and they tend to be located not in city centres, but on industrial estates. First class rail links from London and

into the centre of Manchester being an added advantage.

Also, in terms of our HNWI clients, which is a large part of RAF's portfolio, Wilmslow was a great fit. It will also enable RAF to work closely with our main funder, BLME, whose local office is in Manchester and where Hugh believes a lot of cross selling opportunities exist. A planned opening day will be arranged in the Spring.

Hugh feels it is important to have a local presence to deliver a far better service to all our brokers in the region. Hugh stressed that RAF have traditionally written more business in the North than the South, so this investment made complete sense. **BW**
